## ANNOUNCEMENT

To Brother Breeders and Lovers of Good Shorthorns:

We are cataloguing for this, our third Annual Shorthorn Sale, to be held in the New Amphitheater, Union Stock Yards, Chicago, an outstanding useful lot of cattle. We are selling such a grand, useful lot in this sale that we can not explain their great value in this book. Not in the history of Scotch Shorthorns has the public had a chance to say what such a lot of cattle are worth. Not in history of late has such a high class lot of champion and breeding bulls been put up for your appraisal; bulls that have been placed at the top of the leading shows of the day and bulls that have been champions at the Great International, counted the leading show of the world. No greater honor can be given any bull, other than siring cattle that win these honors. These bulls are sired by bulls that have done more for the breed than any bulls that have been used for ages. Space in this book will not permit us to tell the great value of these sires, and their get will prove to you what they are doing when you see them sale day. The bulls that defeat them in this year's shows will be "some bull."

Over 100 females of the best breeding, and from the leading families of the breed, sired by the leading bulls of the day, and bred to champion bulls of the day, go in this sale. Where can you go to find the like? No place other than Chicago, April 4, 1912. Never in years has such a high class lot of cattle gone into a sale ring. Seventy-five calves go into this sale with their dams, sired by such noted bulls as the \$10,000 champion Prince Imperial. Nearly 40 calves go in the sale, sired by this bull, and they promise much for the breed. Others sired by Masterpiece, a son of the world-renowned sire of champions; others by Glenbrook Sultan, the sire of many champions; Selection, a renowned champion of 1909; others by Roan Sultan, by no means the worst bull; and which good judges say will be figured at the top of this year's great shows.

Never in the history of Shorthorns have so many high class show and breeding cows gone into one sale. Dams of many renowned show cattle of the leading shows; cows that have been champions in Canada and the best shows of this country sell in this sale with calves at foot.

Thos. Johnson & Son of Ohio have been leading factors of late years in the business, and are known the world over. Mr. Johnson bought the best the breed produced. He bought the best in the leading herds of Great Britain, Canada, and his native land. The top was his aim, regardless of price. He spent nearly a lifetime building up this great herd. Now they are up for your appraisal. This herd has produced some of the best and will produce the same kind for you.

We ask every lover of the breed to be at Chicago on April 4 and 5, and tell us what these cattle are worth to you. They are yours at your price. We have very large herds left, and these cattle are yours at whatever they bring. For the good they have done for the breed you cannot pay too much for them. Your gain will be our pleasure.

Yours for better cattle,

GEO. J. SAYER,  
TOM STANTON.

Wheaton, Ill., March 11, 1912.

In his two-year-old form, Prince Imperial was first in his class, champion and grand champion at the Toronto show in 1909. He is a true type of the best Scotch cattle, and is a most impressive sire, his calves showing unusual quality and Scotch Shorthorn character. Prince Imperial was purchased for the Sayer herd at the Stanton sale, 1910, at a cost of \$10,000.00, thus making him the highest priced Scotch bull ever sold at public auction in America.

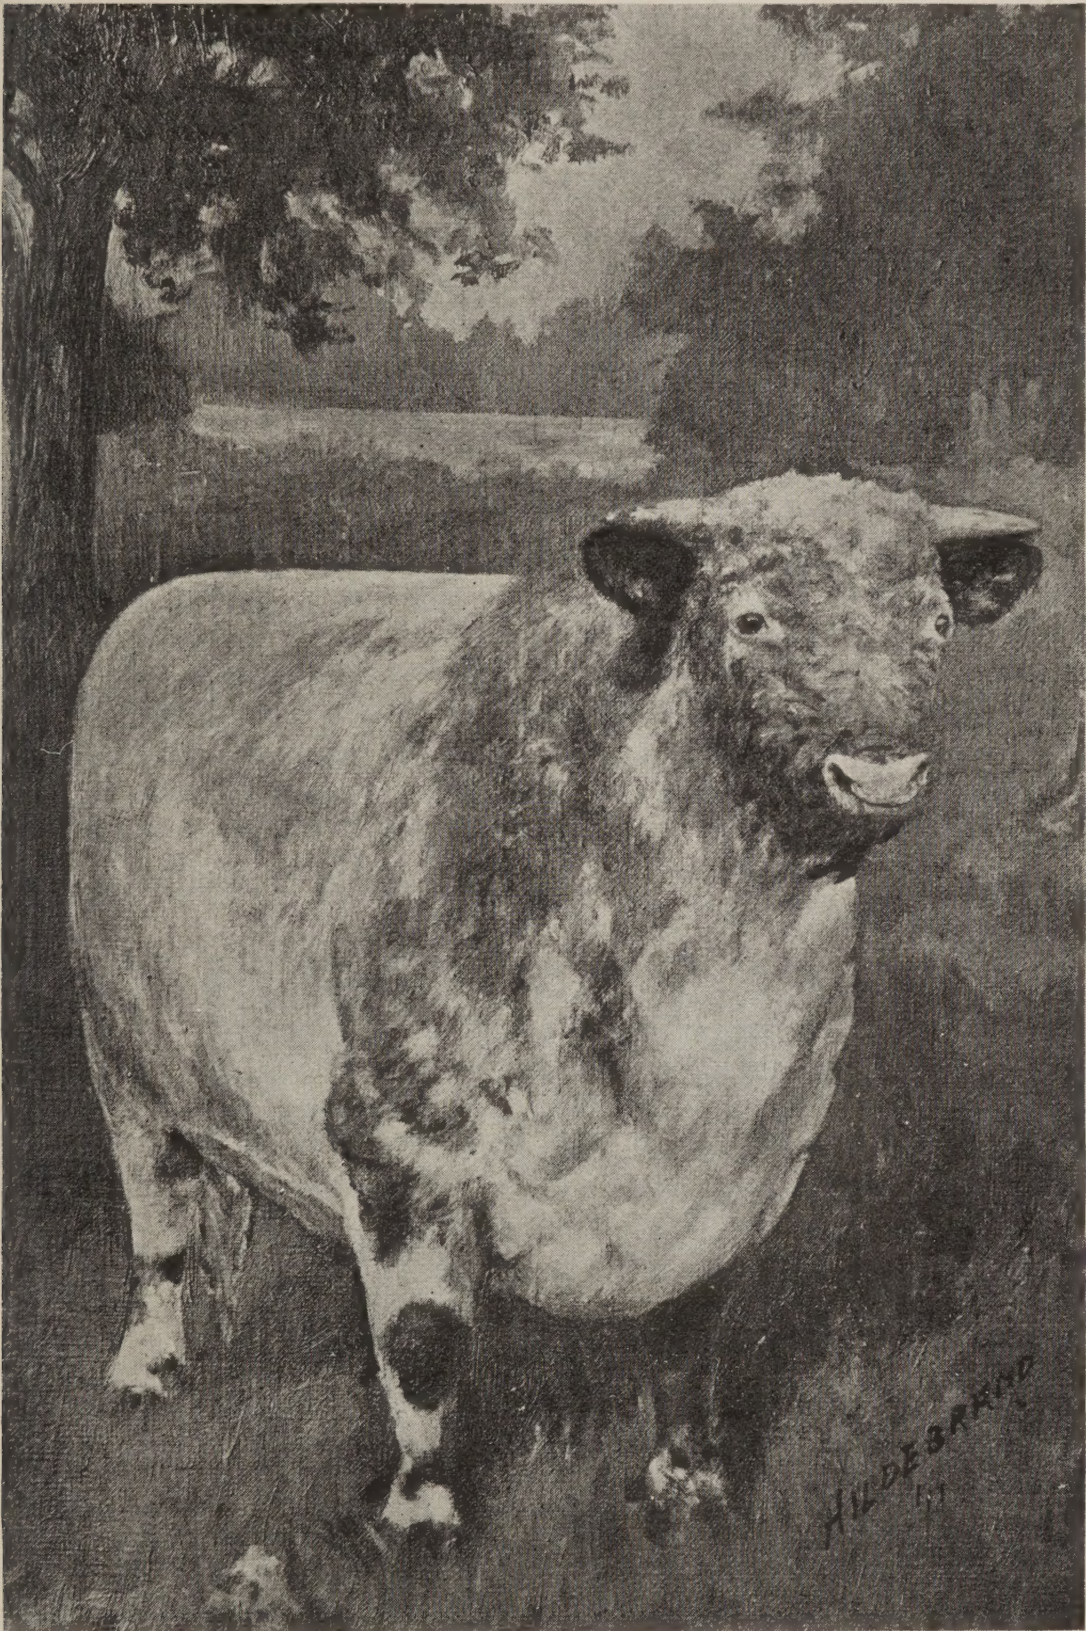

Prince Gloster 152470.—Red, of 1899, bred by S. C. James & Sons, New Sharon, Iowa. Sired by Victoria's Prince of Maine Valley 122822, dam, Duchess of Gloster 32d by Gowrie 108127; Duchess of Gloster 21st by Norman Knight 88217, tracing to imp. 12th Duchess of Gloster by Champion of England (17526). Prince Gloster has proved to be one of the greatest sires in Canada, is a very thick-fleshed, venly built bull, weighing 2400 pounds in breeding condition.

Archer's Pride 203874.—Roan, of 1899, bred by J. Gilmore, Montrave, Scotland. Sired by the great prize-winner, Brave Archer 151718, the sire of noted prize-takers in Scotland as well as in our leading shows; dam, Cherry Stone by Baronet 203875.

Spicy King 156733.—Red, of 1898, bred by W. S. Marr. A show bull of the richest blood lines, sired by Spicy Robin 134607, also a great prize-winner; dam, Goldie 37th, by William of Orange 95736; Goldie 30th by Lord Lavender 145439.

Duke of Clarence 144614.—Roan, of 1890, bred by W. Duthie. Sired by the Cruickshank-bred Roan Robin 109921 (a son of Cumberland 50626 and Glowworm by Roan Gauntlet); dam, Dewey Rose, by Crusader 73534.

Note.—Sittyton Prince promises much for the breed. He is sired by the champion bull, Prince Imperial, and he is out of one of the best cows the breed affords. She is a rapid breeder and a very heavy milker. She has a calf in this sale by Masterpiece that is a corker and she is safe in calf to same bull. Such cows doing that kind of work have a value that can not be estimated, and any herd in the business can be strengthened by such a cow.

Prince Imperial is too well known to the breed to need any comment, and his get will show sale day what a great benefit he is to the Shorthorn world as a sire.

Sittyton Prince.

Village Rose is what I think one of the most money-making kind of cows a man can own. I have had her only two years, and she is nursing her third calf. It is a good one—a roan, plump little heifer calf by the champion, Prince Imperial. It promises very much of a show calf for this year. Village Rose is a good mother, a very rapid breeder, and will do well wherever she goes.

Banner Bank, sired by Moneyfuffell Banner 325880, and out of imp. Fickle Fortune 2nd, Sir Royal Banner 150993, out of Mayflower 7th. Banner Bank has been a great breeding bull and has done much for the herd of one of Canada's leading breeders.

Sittyton Hero 13th 145420, bred by one of Canada's best breeders, sired by Sittyton Hero 130833, out of Scottish Lass 5th, by Scottish Prince 121084, tracing to imp. Isabelle by Diphthong 3rd 21547.

No better family of Shorthorns exists than the Bruce Mayflowers, and it has furnished numerous prize-winners in Britain and on this continent. A two year old heifer brought \$2,600, and a four year old cow \$2,000, at Mr. Flatt's Chicago sale. Prince Sunbeam imp., who won 1st in his class at Toronto in 1903, and who was the grand champion bull at the same place in 1904, was of this family.

Scottish Hero, imp. 50042 is a very choicely bred Shethin Rosemary and is rated one of the best stock bulls in Ontario. He was sired by the Duthie bred Averne bull Proud Champion (81984), he by the great Marr bred bull Scottish Champion (75598), purchased at a long price from Mr. Marr, and used with great success by Mr. Duthie. Scottish Hero's dam is Rosamond by the Cruickshank Butterfly bull Earl of Netherdale (65427); g. dam Rosemary 80th, by Star 8th (52714).

Merchantman 40400 (81686) belongs to Marr Missie tribe. He was got by the noted Cruickshank Broadhooks bull, Lovat Champion (74948), who, at the Inverness Show in 1899, gained first prize in a large class, the Shorthorn Society's prize and headed the winning group. He was bought there by Mr. Duthie for 200 guineas, and after being freely used by him for two years was sold at a long price to A. Chrystal, of Marshall, Mich. He was out of Mistletoe 4th, one of Mr. Duthie's best cows, by Scottish Archer (59843); g. dam by William of Orange (50694); g. g. dam by Elocutionist (47832).

Prince of Archers is now considered by some of the best judges in Scotland as good a bull as his half-brother the great champion Marengo (69068). He was got by Scottish Archer (59893), sire of Marengo, Mr. Kelly's \$6000 Brave Archer (70018), and many other good ones,—out of Primrose 3rd by the Cruickshank Nonpareil bull Norseman (56233).

Imp. Victoria 71st.—Was bred by Amos Cruickshank and imported by J. I. Davidson, Balsam, Ontario. Sander's history says: "The first of this Mason bred tribe to enter the Cruickshank herd was Victoria 19th by Lord John (11731). The first produce from her was a pair of twins, Victoria 29th and 30th. The latter left no female stock. The Sittyton Victorias imported to America have proved among the most valuable Scotch bred Shorthorns that ever crossed the Atlantic, among which was the noted Baron Victor (45944), that did such excellent service in the herd of Col. Harris.

Good Morning 182755.—A dark roan, calved April 11, 1901, bred by M. H. Cochrane, Hillhurst, Quebec, Canada, got by imp. Joy of Morning 153003, out of imp. Vain Belle 2d by Scottish Archer 117301. Imp. Joy of Morning was a roan, bred by Wm. Duthie, got by the celebrated Pride of Morning 120551, out of Jessica 2d by the great sire, Scottish Archer 117301, a roan, bred by A. Cruickshank, sired by the greatest of all great Cruickshank show and breeding bulls, Cumberland 50626, out of Surname by Pride of the Isles 45274. It is therefore noticeable that Good Morning is one of the richest bred Scotch bulls of recent years.

Imp. Lord Banff 150718.—Was sold in November, 1901, at the highest price paid in an auction sale for a Scotch Shorthorn bull ever sold at auction at that time. His dam is a cow of remarkable scale, a deep milker, and good breeder. She has been successfully exhibited at local shows in Scotland. Lord Banff won first at Toronto; first at Syracuse, N. Y., 1901; first at the Pan-American 1901 and first at the Illinois State fair.

Note.—Cumberland's Lassie is what good judges say is a great breeding cow. She has a right to be good; look who is her sire—the show bull and sire of champions. Cumberland's Lassie is a half-sister to the grand champion bull, King Cumberland of 1909, and also half-sister to Susie Cumberland. Her dam, imp. Lena, is a great brood cow, having raised nine calves, and every one a good one.

Cumberland's Last 229822 is too well known to the Shorthorn world to need any comment. He has sure proven himself a great sire and a few of his get going into this sale proves what he can do as to siring show stuff of both sexes. He belongs to the good reliable Miss Ramsden family, and is sired by Cumberland.

Waterloo Princess 39th is a splendid representative of the Waterloo Princess family, which for many years was prominent in the Shepherd herd at Shethin. She would be a valuable addition to any herd.

Prime Favorite, imp. 229682, winner of Grand Championship at Toronto in 1907, belongs to the Princess Royal family, which was conceded to be one of the very best in the herd of the late W. S. Mara at Uppermill. His sire, Bapton Favorite, as well as being a grand individual, proved himself to be a great sire, three of his calves selling in the 1903 Duthie-Marr sale for an average of \$1,955, and at the dispersal of the herd in 1904 he sold for 1200 guineas, and was later secured by Mr. Duthie for service in his Collynie herd. Prime Favorite was out of Princess Royal 49th by Sea King 61769.

The Florentine 59637 is a son of the great breeding bull Imported Diamond Rex 45168, and out of imported Florence 14th 48430, by Daybreak 78690.

Royal Prince 71490 26065 is a pure Golden Drop bred by Mr. Campbell, used by him for one season and at Thistle Ha' for six seasons with the greatest success. No Shorthorn bull in America during the past six years has left such a valuable lot of calves, and they have sold very readily at good prices. His sire and dam were both successful show animals in Scotland and both made a great record as breeders.

Topsman 63447 is a Maid of Promise sired by the grand Cruickshank, sire, Gravesend 46461, used for many years by Mr. Campbell and Mr. Duthie. Topsman was the greatest sire for producing natural thick flesh that we have known, and this feature has descended in great degree to his progeny offered in this catalogue.

Sally 15th is dam of an extra good C. C. (which sells with her) by Masterpiece, and she is also dam of the herd bull, Sittyton Prince, in this catalogue. She was bred to Masterpiece in December. She is a very heavy milker and a very rapid breeder. She is worth much to any herd.

Alexandrina 36th is a beautiful heifer, short-legged, thick, smooth and an easy feeder. She is one of a small number of that most noted family that produced the only Gay Monarch and other good ones. Alexandrina 30th from the same dam as Alexandrina 28th and by Lovat Star 77139 made \$1,750 at the Marr dispersion. Gay Monarch was a full brother to Alexandrina 20th. Heavy in calf to the champion Selection.

Uppermill Omega 97506 is a wonderful, thick, good bull and he is proving himself one of the greatest sires of the day. He was the last calf bred at Uppermill before the dispersion; his sire was the bull, Bapton Favorite, that sold on that occasion for \$6,000, and his dam was Maude 37th by High Commissioner 59085, also the dam of Spicy Marquis, grand champion at Toronto in 1903, and sold by Mr. Flatt for a big price to head the herd of Sir Wm. Van Horne.

Lady's Maid 91993 is another wonderful heifer, just like her mates, thick, low, heavy, wide, straight and as smooth as she can be. There are few like her. Beaver Maiden is half sister to the champion bull at Toronto last September, and that was pronounced superior to the Royal winner of the year. A marvelous bull for which he could get \$10,000 in England.

Crucifix was one of the best cows ever imported from Scotland, and she has left a line of descendants that says more than can be written in her favor.

Uppermill Omega 97506 is a wonderful thick good bull, and he has proved himself a phenomenal sire. He has never left a medium or poor one. His whole crop of heifers for the year 1909 will be offered in this sale. His bulls have all been sold at good prices, and they stamp him the greatest Shorthorn sire that is now and perhaps that ever has been in Canada. His sire was the great \$6,000 Bapton Favourite 76080, dam, Maude 37th, by High Commissioner 59085; grand dam, Maude 32nd, by William of Orange 50694.

Royal Prince 71490, the grandly-bred Golden Drop bull that was used a year at Kinellar, then imported and used for six years at the head of the Thistle Ha' herd, where at its dispersion calves by him made up to \$750; was sired by Emancipator 65447, a champion winner in Aberdeen and Perth, dam, Golden Drop 9th, by Gravesend 46461; grand dam, Golden Drop 8th, by Golden Prince 38363.

Note.—Here is a grand young cow in calf to the champion Prince Imperial. Her calf ought to be worth much.

Cruickshank's Duchess of Gloster are among the best cattle ever bred in Scotland. You will notice in above pedigree names of some of the best bulls ever owned by Mr. Cruickshank. No pedigree in the English or American herd book is looked upon with greater favor than the grand old Duchess of Gloster breeding. Like the Victorias, they are descended in an unbroken line of the very best and most desirable breeding from the famous Colling Bros.' oldest and highest prized strains. In the hands of Mr. Cruickshank they have produced some of the most famous sires ever produced in the herd. At the time of the dispersion of the Cruickshank herd, 21st Duchess of Gloster was considered the most famous female in the herd. This has been a very useful cow in the Johnson herd, and had the herd been kept she never would be sold

Imp. Lord Nonpareil was one of the few Roan Gauntlet bulls ever permitted to leave Scotland. Mr. Cruickshank thought him good enough to be retained in his herd, but at the earnest solicitation of the late James I Davidson he was allowed to come to America and passed into the possession of Ezra Swain, of Noblesville, Ind., in whose herd he left a lot of good things. He was leased for one year to J. G. Robbins & Sons for use on their Gay Monarch heifers.

Gay Monarch was one of the truly great sires of the breed. He was got by William of Orange 95736, out of Alexandria 17th by Athabasca 90276; Alexandria 14th by Journalist 93110.

The Dutchman.—A pure Scotch Duchess of Gloster bull now at the head of the Robbins herd. Will be bred to Avondale.

Mystic Archer is one of the very richest bred Missies living. He is a full brother to Lord Lovat's famous 'Merry Archer,' the sire of so many prize-winners, not only in Scotland but in England and Ireland. He is full of the same blood as the great winner 'Marendo.' Few bulls can boast of such a line of sires as 'Scottish Archer,' 'William of Orange' and 'Athabasca,' on such a foundation as the Upper Mill Missies."

Ella Archer is a show cow and a fine breeder.

You will notice that he is a son of the two great champions, imp. Choice Goods and Ruberta; a prize winner himself and a sire of prize winners. A 2,700 pound show bull. Fair Goods sired Green Goods, the best Shorthorn steer that has ever been exhibited. The Iowa Agricultural College selected this steer, considering him the best of any breed to be found in America with which to win the grand championship at the International Show next month. M. Bellows called on Mr. Durno while in Scotland, and reports that the mother of Choice Goods (Geraldine 5th) is a cow of true matronly type, a regular breeder and heavy milker. Fair goods is a bull of genuine Scotch character and his progeny is worthy of the most careful consideration.

Note.—Beatrice without a doubt is one of the most prolific cows in the business, and always has a good calf; had two heifer calves in 1911 and bred again for an early fall calf in 1912. She has a great heifer calf at foot, by a son of the grand champion bull of his day, Ceremonious Archer. This cow is out of an imported cow that is 16 years old and is still breeding. She is sired by one of the great bulls of his day, imp. First-in-the-Ring, and sire of great cattle. This cow is a heavy milker and doesn't need any help to raise her calves. Such cows are worth much to the breed.

Imp. First-in-the-Ring needs no comment to the public. He was a great sire, and has done much for the breed.

Merry Mason, 150829.—Bred by that grand old breeder and lover of the best cattle, W. S. Marr, and sired by one of the greatest bulls in Great Britain, William of Orange.

Touchstone 149631.—Bred by A. Cruickshank, sired by Gondolier 98287, and was used with great success in the herd of J. B. Manson. Gondolier, out of Sunflower, by Roan Gauntlet. What better breeding could you write? This string has done as much for the improvement of the Shorthorns, I suppose, as any we have had.

Note.—Belinda is another daughter of that grand old cow, imp. Butterine, and see what she is sired by! What could you ask for more than this cow carries in the way of great blood?—and there are not many daughters of Whitehall Sultan for sale. This cow has done much for the breed, raising a calf every year; has a fine red B. C. now by Faithful Archer, a son of Ceremonious Archer, and bred again to Prince Imperial.

Whitehall Sultan 163573 is generally recognized as one of the best, if not the best, and most valuable Shorthorn bull of recent years. He has been a great winner in the show ring and his get are some of the very best Shorthorns to be found in any country. Whitehall Sultan was sired by Bapton Sultan and has for dam the beautiful cow Bapton Pearl, a champion of both Britain and United States.

Prime Minister (imp.) 15280 (63104), as well as proving himself a great sire, has made a wonderful record in the show ring, having won three firsts at the Toronto Industrial, at London, Hamilton, etc., as well as gold medals at same shows. His breeding is of the best, as he was got by Chesterfield (57049), his dam by Field Marshal (47870), and his grand dam by Heir of Englishman (24122). Uppermill Omega 295763 is a wonderful, thick, good bull and is proving himself one of the greatest sires of the day. He was the last calf bred at Uppermill before the dispersion; his sire was the bull, Bapton Favorite, that sold on that occasion for \$6,000, and his dam was Maude 37th by High Commissioner (59085), also the dam of Spicy Marquis, grand champion at Toronto in 1903, and sold by Mr. Flatt for a big price to head the herd of Sir Wm. Van Horne.

Royal Bruce 273853 belongs to the well-known Bruce Mayflower family, the family that produced the champion bulls, Prince Sunbeam, Silver Chief, Robert the Bruce, and many others that could be named in Scotland and Canada. He was sired by the Wimple bull, Winning Hope (80283), a son of Mr. Duthie's Marr Maude bull, Golden Hope, by the great Golden Ray. The dam of Royal Bruce was Sunshade, by the Cruickshank bull, Sittyton Yet (61833), a half-brother on the dam's side of the famous William of Orange.

Maximus 140018 was a Missie bull. He was sired by the richly bred Missie bull Massena (65904), and out of Mistletoe by Lord Broughton (56029). Massena, above, was a son of the great Scottish Archer (59893).

Denmark (65335) was sired by the famous Inverquohomery Augusta bull, Bendigo (56935), a son of the great Cruickshank sire, Clear the Way (47604). This is an extra good young cow.

Imp. Master of the Clan 144728, a missie bull bred by Mr. Duthie, got by Chief of the Clan 144783, out of Mademoiselle 8th, by Master of Ceremonies.

Imp. Lord Nonpareil was one of the few Roan Gauntlet bulls ever permitted to leave Scotland. Mr. Cruickshank thought him good enough to be retained in his herd, but at the earnest solicitation of the late James I. Davidson he was allowed to come to America and passed into the possession of Ezra Swain, of Noblesville, Ind., in whose herd he left a lot of good things. He was leased for one year to J. G. Robbins & Sons for use on their Gay Monarch heifers.

Gay Monarch was one of the truly great sires of the breed. He was got by William of Orange 95736, out of Alexandria 17th by Athabasca 90276; Alexandria 14th by Journalist 93110.

Lottie is a massive roan and usually weighs over a ton. She has been a winner since a calf and only met one defeat as a two-year-old and this being at Chicago where she has never been lower than third in four years' showing in the general class. She has undoubtedly won more honors than any other show cow of the present time. She stood sixth in the dairy class at Chicago, 1908, and weighed over 2100 and had been fresh ten months. We have never tested her milking capacity exactly but she has given considerably better than 50 lbs. on grass.

Imp. 12th Duchess of Gloster was bred by Amos Cruickshank, a roan cow, calved in 1868, and imported in July of the same year by Shaw & Dryden, Ontario, Canada. No pedigree in the English or American herd book is looked upon with greater favor than the grand old Duchess of Gloster breeding. Like the Victorias, they are descended in an unbroken line of the very best and most desirable breeding. In the hands of Mr. Cruickshank they have produced some of the most famous sires ever produced in that herd.

Choice Archer (83109) is a good bull, was imported especially for Mr. Davidson's herd and has proved a good sire. His sire was Archer (69880), dam Linda, by Sigmund 2nd (69583); g. dam Jenny Lind 2nd, by Farmer's Fancy (60798).

Spicy King imp. 50096 is a smooth, good bull and a good sire; he has been used in good herds. His sire was Chance Shot (80660), dam Spicy Louisa, by Spicy King (75727); g. dam, Louisa Douglas, by Lord Douglas (64313).

Whitehall Sultan 163573 is generally recognized as one of the best, if not the best, and most valuable Shorthorn bull living. He has been a great winner in the show ring and his get are some of the very best Shorthorns to be found in any country. Whitehall Sultan was sired by Bapton Sultan and has for dam the beautiful cow Bapton Pearl, a champion of both Britain and United States. A significant prize to the credit of Whitehall Sultan was the winning of his get as best four at the last three International Shows at Chicago.

Whitehall Netty is one of the greatest breeding cows in the Johnson herd, bearing some of his best show cattle of late years. A heifer calf out of this cow did well in the best shows of last year and she has an extra good bull calf at foot by that good old breeding bull, Glenbrook Sultan, and bred again to the champion Selection.

Imp. 12th Duchess of Gloster was bred by Amos Cruickshank, a roan cow, calved in 1868 and imported in July of the same year by Shaw & Drydeh, Ontario, Canada. No pedigree in the English or American herd book is looked upon with greater favor than the grand old Duchess of Gloster breeding. Like the Victorias, they are descended in an unbroken line of the very best and most desirable breeding. In the hands of Mr. Cruickshank they have produced some of the most famous sires ever produced in that herd. At the time of the dispersion of the Cruickshank herd 21st Duchess of Gloster was considered the most famous female in the herd.

The Fanny B. family is one of the most popular in Scotland. They are great doers and many of them have been made into high class show animals for Smithfield and other leading shows in Great Britain. Fanny B. 38th has been twice a winner at Toronto.

Nonpareil Archer (81778), a beautifully bred Nonpareil, was sired by Prince of Archers (71240), dam, Nonpareil Blossom 2nd by Sittyton Sort (63831), grand dam, Nonpareil Blossom, by Royal James (54972). Nonpareil Archer is a remarkable sire, and as an individual is large, thick and very smooth. One of the very good ones.

Orange Victor 38371, thought by many to be the best son of Marquis of Zenda; dam, imported Flora, by Topsman (63447); g. dam, Flower of the Vale, by Fairfax Royal (57285).

Aberdale 23330, a first prize winner himself, was sired by imported Aberdeen 18949, dam, Rose Montrath 6th, by Indian Chief imp. 11108; g. dam, Rose Montrath 3rd, by imported Vice-Consul (60112).

Fanny Nonpareil is one of the good cows of the day. She is well bred as can be. She is a show cow in every way, and the best color that can be made, a rich roan, and heavy in calf to a rich Scotch bull. This cow I hope finds a good home in some top herd of the country, as she is worth much to any herd as a breeding cow. Look her up. Her dam was a show cow and this cow promises much for doing the same work.

Note.—Cumberland's Ideal 314984 is one of the extra sons of the great Cumberland's Last. He is breeding the very best and you will not be disappointed when you see his calves. Of course he is not the show bull some of his brothers are but he is leaving the goods himself. Calves by him will be reckoned in the top shows this year. Cumberland's Ideal's mother is one of the best cows I ever bought for Col. Lowden; she is a great milker, and three of her calves sold in the Clark sale at Omaha, for over \$1,500.

Cumberland's Last is reckoned among the best breeding bulls of this country; six of his calves are listed in this sale, and not a poor one in the lot. Also several of his grandsons and daughters are listed and look good. Cumberland's Last traces to that good old cow, Miss Ramsden, which a good many cattle have come from, and sired by Cumberland, a richly bred Cruickshank bull, carrying much of the blood of Champion of England.

It is doubtful whether the late W. S. Marr had in his Uppermill herd a better family than the Roan Ladies. They were highly prized on account of their being such regular breeders and almost without exception extra heavy milkers. Rosetta 19th is a smooth, mossy heifer and with her breeding should make a valuable cow.

Royal Champion 60071 was sired by imp. Scottish Pride 36106, one of stock bulls for several years and sire of some of the best cattle which the herd has produced. Royal Champion was out of imp. Lady Ann 14th by the excellently bred Duthie bull, Royal Victor (75552).

Remus (73402) was the sire of Choice Goods (76350), winner Gold Medal for the best Shorthorn bull, and \$100 prize for best Shorthorn, either sex, at Highland Society's show, Inverness, July, 1901. First in his class at Chicago International, 1901, and first in his class and senior champion at the same show, 1902. Remus was got by Star of Morning; dam, Rosa Gwynne, of Rosario (35315).

Portland of Cluny (61472), by Mr. Gordon's well-known Washington (53813); dam, Patience 11th, by the Polwarth Telbluria bull, Triumph (53764).

Master Butterfly 120191.—Red roan, of 1894, bred by the late Mr. Thomas Westrope, Harlan, Iowa. A prize-winning Cruickshank Butterfly, sired by Lavender King 3d 99024, the well known Scotch bull that was the sire of the noted sweepstakes cow, Sweet Violet Second, that sold for \$3,705 in the Westrope dispersion sale; dam, Butterfly 51st, by the Cruickshank-bred imp. Amhurst 49768, a sire that carried the blood of the very best of Mr. Cruickshank's most famous show and breeding stock.

Gondolier 98287.—Red, of 1885, bred by A. Cruickshank, and belongs to the Brawith Bud family. Sired by the Princess Royal sire, Cumberland 50626, dam, Gilliver, by Roan Gauntlet 45276; Garnish by Royal Duke of Gloster 20901, etc.

Dunblane 65995.—Red, of 1881, bred by A. Cruickshank, and retained in the Sittyton herd four seasons. Sired by Roan Gauntlet 45276, dam, Duchess of Gloster 21st by Barmpton Prince 45247; Duchess of Gloster 13th by Grand Duke of Gloster 19900; Duchess of Gloster 12th by Champion of England (17526).

Hope is one of the good daughters of the renowned Whitehall Sultan, and she is out of one of the great cows of the breed here. Dam sold in 1903, when cattle were low, for \$705. This cow by that great bull is worth much. She sells with a good B. C. at foot by a son of the renowned Ceremonious Archer, and she is well along in calf to the champion Prince Imperial. This cow ought to go in some good herd, as her value is worth much to the breed.

King Victor 213112 was an Emma, bred by Mr. Marr.

Anoka Sultan won many honors in the show ring and sold for a long price to be used in that great herd owned by D. R. Hanna of Ohio. This heifer is right.

Pride of Fashion 264007.—A son of imp. Fancy's Pride, the sire of many winners; dam, imp. Roan Bess, first prize heifer at Inverurie, and awarded several prizes in Scotland. She sold for 110 guineas when a yearling, and is a half sister to Mr. Duthie's great stock bull, Pride of Morning.

Lord of Ury 187632.—Belongs to the well known Ury family; got by the great Cruickshank bull Scottish Archer (59893), out of Ury Maid by the celebrated Brawith Bud sire Gravesend (46461).

Anglo Saxon (55257).—Belongs to the Cruickshank Secret family; got by the Cruickshank Lavender bull Feudal Chief (5125), out of Saffron by Roan Gauntlet (35284), probably the best bull ever used at Sittyton.

Richmond (50308).—Bred by Amos Cruickshank; belonged to his favorite Violet tribe. He was got by Barmpton (37763), out of Russian Violet by Scotland's Pride (25100).

Note.—Miss May is a very promising cow, only two removes from the imp. cow, and she is sired by one of the best bulls in the breed, a bull that has done much for the herd of N. A. Lind.

She has one of the best bull calves ever dropped on the Johnson farm, and you know what that means. This calf will show next fall and is a corker. He is sired by Glenbrook Sultan, and a good rean, and will make them go next fall. Any person looking for a herd bull better not overlook this calf. His dam is a good milker and safe in calf again.

Note.—Foxglove 5th 86835 is one of the good heifers in the Johnson herd; one they would not price had they kept the herd. She is an extra good, big, smooth heifer and is from one of the best cows in the herd. Her dam, Plum Pudding, is a grand cow, and she sells in the herd, and has at foot one of the best bull calves the Johnson herd ever produced, sired by the old bull. Don't overlook this heifer.

Glenbrook Sultan needs no comment. He is known the world over as a champion and sire of champions. Many of his get are in this sale, and here is the only place to get them as he is dead. This sale will be the last time to get cows of merit bred to him.

Imp. Chamberlain Heir 2d was personally selected by M. E. Jones from the herd of Philo Mills, England, believing him to be the best calf at that time of Mr. Mills' herd. He is a pure Scotch of the very best breeding.

Imp. Cup Bearer has an almost unbroken succession of victories to his credit, won in the sharpest competition at the leading shows of both continents. His career as a show bull of both continents is too well known to need comment in this connection; suffice it to say he won more championships in Great Britain, Canada and the United States than any bull imported.

The Bellona family has been producing some of the most successful show and breeding Shorthorns during the past ten years. Bellona herself was a particularly good cow and nothing but good sires have been used since she was sold by Mr. Cruickshank to Mr. Smith.

Missie Champion 48278 is one of the stock bulls at the head of the Pine Grove herd. He was sired by Village Champion (82538), that won distinction in the show rings throughout Canada as a show bull and sire, and his dam was the world renowned Missie 153rd. This latter cow was selected by the late Mr. Marr as the best Missie in his herd to represent the herd at the International sale in Chicago. She sold for a record price for a Scotch cow, \$6,000, and was added to the Pine Grove herd, where she has distinguished herself as a breeder of winners. She and her daughter Missie of Pine Grove and her son Missie Champion won the first in Toronto for the best cow and two of her progeny in 1903.

Marquis of Zenda 26064 imp. is the great Missie bull at the head of the Pine Grove herd. He was sired by the grand old Brawith Bud bull, Wanderer (60138). His dam was Missie 123rd, by William of Orange (50694); she was also the dam of Missie 153rd that was selected by Mr. Marr as his best Missie to represent the herd at International sale in Chicago, when she made the record price for a Scotch cow and was bought for the Pine Grove Herd at \$6,000.

Statesman (71687) was another son of Wanderer (60138). His dam was Bessie 42nd, by Brave Knight (56791), a Blythesome bred by Mr. Marr, and his g. dam was Bessie 30th by Athabasca (43759).

Pleasant Valley Jilt 79903 is a show heifer of the highest order. She won first as a yearling heifer at the Toronto show in 1908. She was also junior and grand champion Shorthorn female of the show. Her half-sister, Flora 90th, was the first prize cow, senior and grand champion female, and was in the first prize herd at the International Show in Chicago in 1908. This heifer looks like making one of the strongest two-year-olds that has appeared in the American show ring. Her breeding is of the best and she should be a great producer.

Old Lancaster imp. 50068 is of the Lancaster family. He was imported by W. D. Flat. His sire was King Robert (76962), his dam was Lovely by Goldstream (60510), and his grand dam was Snow Cloud by Onslow (54755).

Scottish Prince (73593) was by the Marr Roan Lady bull, Captain Ripley (68324); his dam Scottish Princess by Scottish Archer (59893), and his grand dam was Princess Royal 41st by William of Orange (50694).

John Bull (65701) was by the Mayflower bull, Seneca (63346); his dam was Janet 4th by Stockwell (56615), and his grand dam was Janet 3rd by Chamberlain (50974).

Note.—Oakland Gilt has for sire one of the greatest sires of the day; a sire which has done as much for the improving of our present stock as any bull living, he being sired by the world-renowned sire imp. Whitehall Sultan. Oakland Gilt has for dam the grand champion heifer of Canada in 1909, and sold in the sale in Toronto for \$2,500. What more could you get in pedigree and backing for a good cow? Look this heifer up. She is worth much to any herd.

Roan Beauty .....	W. S. Marr	Robin O'Day (4953)	B. Wilson
		Emperor (3716)	Capt. Barclay

A Marr Beauty, Beauty 15th (imp.) and next three dams were bred by W. S. Marr.

Commodore Dewey 130782 was got by Northern Light (57801) out of imp. Bess Lass by Banner Bearer (49034), Red Bess by Gladstone (43286). Bess 6th by Foljambe (33950), thus combining the breeding of the most noted breeders of Scotland, Amos Cruickshank, S. Campbell and W. Duthie.

Royal Sailor imp. 125761, a richly bred Marr, red or roan, Lady Bull, was got by Sea King (61769) (a Spicy bred at Sittyton) out of Red Lady 18th by the great old Orange Blossom bull, William of Orange, (50694). Royal Sailor's reputation as a prize winner and sire of winners is so well known that it is unnecessary to refer to it further.

Clan Stuart 132260 was got by Musketeer 125398, out of Village Bud by Barmpton Hero 58813. Village Blossom imp. by Ben Wyvis (30528) bred by A. Cruickshank.

Bonny Lass is an extra good cow and of the best of breeding; has a show calf at foot, red, sired by imp. Ascott Claymore, a red bull Mr. Johnson imported especially to breed on Glenbrook Sultan heifers.

The Princess Royals are a very popular family at Uppermill, and run the Missies hard for first place. The cows—Princess Royal 49th, 29th, 17th, 11th, and 8th—were grand ones, don't often see the likes of them in one pedigree.

Broadhook's Marengo 228418.—Bred by Philo L. Mills of Nottingham, England; roan; sired by Marengo Sittyton Duke 189600, out of imp. Broadhook's Violet by Prince Victor 173924. This bull is a most worthy representative of the most excellent and popular family of Shorthorns. His ancestors were bred by the most noted breeders, and his maternal ancestors were bred by Amos Cruickshank for ten generations.

Silver King 157623.—Bred by W. S. Marr; sire, Wanderer (14614); dam, Roan Lady 26th by Captain of the Guard (132059); Roan Lady 17th by William of Orange (95736). Silver King descends from the Roan Ladies, which is one of the popular families of Uppermill, and he has for his top sires three of the most noted bulls that have been used at Uppermill.

Spicy Robin 69638.—First pick of his year from Mr. J. Deane Willis, and cost \$1,250 when 12 months old. He is still in service at Uppermill and a good getter. Sired by the celebrated Roan Robin (57992); dam, Sprightly by Captain of the Guard (58596); Spicy 13th by Masterstroke (57751); Spicy 10th by Clear-the-Way (47604); Spicy 8th by K. C. B. (26492).

Sea King (61769).—Bred at Sittyton, belonged to the Cruickshank Silvery tribe and was bought and used at Uppermill. He was sired by Gondomar (55821) out of Sea Foam by Gondolier (52956); second dam Sea Pink by Viking (48873); third dam, Seaweed by Perfection (37185); fourth dam, Sylvia by Royal Duke of Gloster (29864); fifth dam, Silvery by Champion of England (17526).

Note.—This is an extra good heifer and better breeding cannot be written. This will make a great cow.

Note.—Oakland Start is the making of a great cow and ought to go into some good herd. She has for dam one of the best dams ever imported to this country, one that has taken several of the greatest honors in the large shows of this country. It will take a good cow to defeat her in 1912. More than that, she is a show cow. She will calve again this month, and a cow that will raise such calves as she is raising and show as she has shown is worth much for the breed. This heifer has every right to be a good one. She has for sire a champion bull, an imported bull, and one that is doing great work.

Oakland Star, imported, is a great type of a breeding bull, very low down, very short legs, good color and a better head never was on a bull. He showed very successfully in this country and was sold to go to Canada at a long price. He showed all through western Canada in 1910, and was grand champion bull all through the West, and is now at the head of the best herd of Shorthorns in western Canada. Don't miss this heifer. You ought to have her.

The Clipper tribe is notable as having produced more bulls that were used in the Sittyton herd than any other tribe. Such great ones as Roan Gauntlet, Cumberland, Cayhurst (out of the dam of Cloudberry), Commodore and Chesterfield all sprang from this source. In a letter dated June 30, 1890, Mr. Cruickshank wrote me, "Your cow, Cloudberry, belongs to one of the best (if not the best) families I ever had."

Banker's Victor won first at the Iowa State Fair in 1901 and many other prizes in his yearling form, after which he was never shown. He has proven a grand, good breeder. He was sired by the prize winning imp. Banker 130857, out of 11th Linwood Victoria by imp. Master of the Rolls 99463; Victoria 53d by imp. Viscount (35894); imp. Victoria 51st by Royal Duke of Gloster (29864).

Lochinvar.—A Cruickshank Lavender bull; got by Galahad 103259; 14th Linwood Lavender by the great Baron Lavender 2d 72610; imp. Lavender 32d by Roan Gauntlet (35284); Lavender 15th by Lord Warden (31766); Lavender 12th by Count Bickerstaffe 2d (25838); Lavender 8th by Brian Boru (17740). Baron Lavender 2d was the best bull Col. W. A. Harris ever bred at Linwood. He was got by imp. Baron Victor 42824, out of the magnificent roan cow, imp. Lavender 36th by Roan Gauntlet, that was undoubtedly the best Cruickshank cow of the Linwood herd.

Imp. Salamis.—A richly bred Cruickshank Secret bull of great size, smoothness, depth and quality; used with great success in the Northern herd. It is believed that he carried more of the blood of Champion of England through that bull's greatest daughter, Princess Royal, than any other bull imported from Scotland. He sired, among other prize cattle, the group of four that won first as the get of one bull at the Chicago International Exposition, December, 1900. Salamis was got by Chesterfield (57049), out of Siren by Commodore (54118); Sarcasm by Cumberland (40144); Sensation by Roan Gauntlet (35284).

Cineraria is a fine cow and carries blood of the bulls that made fame for the breed in Great Britain. This is a good, useful cow.

Count Commodore 261866 is one of the chief stock bulls in the Beaver Creek herd. His sire, Young Commodore 203988, has been used successfully by Cookson Bros. for a number of years and proved a very valuable bull; his dam was imp. Gay Lass by G. O. T. 135227.

Chocolate 157366.—Got by Prince of Fashion 136634, out of Caroline 3d, by Boulevard 149704; Clarr 7th by Knickerbocker 61392, etc., as in 149047.

Note.—White Heather is a very fine heifer, plenty of size, and safe in calf, and a cow that ought to make money in any herd. She is out of a grand good cow, and her gr. dam, imp. Bertha, is a great cow; was imported by N. A. Lind and left some extra calves for him.

Note.—Gwendoline 6th is a very promising heifer. She is of the richest breeding. Not very often do you get a chance to say what such breeding is worth, and the heifer is as good as the breeding. This heifer is safe in calf and I have her dam and gr. dam on the farm. Her grand dam Dianthe, is 14 years old and will have another calf this spring. She never misses. This kind is worth getting in your herd. No herd too good for such a heifer. Look her up!

Exemplar is a nice, rich roan, sired by Exemption 232105 and out of imp. Anemone by Sir William, 71630. Gr. dam, Auver 10th by British leader, a Marr-bred bull, a Butterfly family sired by the great old Uppermill bull, William of Orange.

This cow is a very large, useful cow, is a regular breeder, and always has a good calf. She is sired by one of the best sons of the \$5,100 imp. Lord Banff. The dam of Prince Banff was a good cow and the grand dam was a cow of great form, selling for \$1,010 at auction.

Spicey Valentine was a very smooth, blocky bull, and had for sire the champion and sire of many champions, St. Valentine. This cow ought to be in some good farmer's herd to start a herd with.

White Star won the following prizes during 1910 in this country. 1st in class and grand champion, Iowa, State Fair; 1st in class and grand champion, Wisconsin State Fair; 1st in class and grand champion, Interstate Fair, LaCrosse, Wis.; 2d in class at Illinois State Fair; 1st in class and senior champion at American Royal, Kansas City; 1st in class and senior champion, Chicago; 1st in class and senior champion, Denver, January, 1911.

Where or when has there ever such a show bull been put up for your approval? He will make a great show this year again.

Note.—Selection, I believe, is too well known to the Shorthorn world to take time and space in this book telling of what he has done. It would take a lot of space to tell all this bull has done, and he is doing his good work always, as he is proving a great sire. He was grand champion bull at 1909 International, Chicago, so that is an honor few bulls ever carry away. This bull will make a far better show this year than last. He is in fine form and Mr. Bruce says he will show far stronger than he did last year. He is up for your appraisal and is worth just what you will pay for him, but I believe he is cheap at any price.

Avondale is a bull known the world over as a show bull and as a sire of show stuff and champions. Few bulls have done more for the breed than Avondale, and his calves are much sought after wherever seen.

Note.—Jilt Prince is a very promising young bull and he ought to be. See who is his sire, the champion Prince Imperial, that sold for the record price of \$10,000. Jilt Prince is out of one of the best cows the Dryden herd in Canada ever bred, and they have some good cattle. This bull showed very successfully last year and is the making of a grand sire. Any person looking for a high-class bull cannot afford to overlook this one.

Note.—Prince Imperial 325711 is a very short-legged bull, very smooth, an ideal head and has proven himself an extra breeder, as his calves show the type we want. His dam is a very fine cow and some of the best judges say she is sired by the best white bull in Scotland. Prince Imperial has never been shown but once, where he won first in class as a two year old sire championship, and grand championship, in Toronto, Canada, 1909.

Prince Gloster 152470 is too well known to the Shorthorn-breeders to need any more said. He has proven himself one of the greatest sires in Canada, and a great many of his calves have proven good investments in this country's herds. He belongs to the Cruickshank Duchess of Gloster family, and is a very thick-fleshed, even meaty bull, weighing in breeding condition 2,400 lbs. He is sired by the Cruickshank Victoria bull, Victoria Prince of Main Valley, out of 87th by Craven Knight. Prince Gloster's dam was by Gowrie, a Cruickshank Brawithbud, sired by imp. Craven Knight, and out of imp. Gladiolus, by Pride of the Isles.

He is out of one of the best breeding cows in the Johnson herd, and will make a great show this year. I believe he is in better shape to win this year than last. Sired by the bull he is he ought to be worth a good price to any person looking for a show or breeding bull, he will strengthen any young herd needing a bull this year, and will strengthen the best of them.

Glenbrook Sultan 308774.—Bred by E. S. Kelly, and sired by the king of Shorthorn bulls of this country, good judges say, out of a Cruickshank Victoria cow. Glenbrook Sultan is accounted among the best breeding bulls of the day. He sired the first prize calf herd of 1909 at the leading shows, and his get are much sought after.

Note.—Roan King is some bull, and why shouldn't he be? See who he is—a son of the great Glenbrook Sultan, and out of the grand dam of Mary Ann of Oakland, and the grand dam of Roan Sultan. Just think what a combination that is! And this bull is a good one, the best of color, and if taken care of will make a great bull. If you want a good Glenbrook Sultan young bull to head your herd this is the place to buy him.

Cruickshank's Duchess of Gloster.—Among the best cattle ever bred in Scotland. You will notice in above pedigree names of some of the best bulls ever owned by Mr. Cruickshank. No pedigree in the English or American herd book is looked upon with greater favor than the grand old Duchess of Gloster breeding. Like the Victorias, they are descended in an unbroken line of the very best and most desirable breeding from the famous Colling Bros. oldest and highest prized strains. In the hands of Mr. Cruickshank they have produced some of the most famous sires ever produced in the herd. At the time of the dispersion of the Cruickshank herd, 21st Duchess of Gloster was considered the most famous female in the herd.

Here is another good, useful kind of bull out of a good, big, smooth cow and a cow that is raising a calf every year, one that has a good calf. She goes in this sale with a good calf at foot. Don't overlook this young bull.

Imp. Princess Royal, 8th.—Calved in 1884. Bred by Wm. Duthie, Aberdeenshire, Scotland, imported in 1884 by the Ontario Experimental Farm Association of Guelph, Ontario. She was one of the best cows ever imported to America, and her descendants are ample proof.

New Year's Day 192962 is of the Princess Royal family, sired by the great bull, Duke of Oakland 2d 118945; dam, Princess Mary, by Minatour 112944; Princess Royal O. E. F., by the great Field Marshal 47870; imp. Princess Royal 8th, bred by Mr. Duthie, sired by Ventriloquist 41180.

Nonpareil King 153467.—Bred by F. A. Edwards, got by Duke of Oakland 2d 118945, dam, Briton's Nonpareil by imp. True Briton 101102; Nonpareil of Hillhurst by Lord Aberdeen 70552; imp. Nonpareil of Kennellar, etc.

This is a very promising young bull and is young to sell and not in very good shape, so will not bring his value. Don't overlook him. He has a grand good mother, and this calf ought to make a good sire. His breeding is of the richest, and his gr. dam sold for \$1,750.
